To Advertisers.—The VERMONT DAILY TRANSCRIPT has the largest circulation in St. Albans and in Franklin County, of any daily paper, and is on that account, if no other, the best medium for advertising.

## Local Items.

Interesting matter, original or selected, may always be found on the first page.

OUR DAILY.—Those wishing to secure copies of our daily paper can do so at Merrifield's and Baker's bookstores, as well as of carriers, and at the office. Copies of our weekly paper may also be had at these places.

CHANGE OF TIME.—Our readers may see by the time table of the Vt. Central railroad, published elsewhere, that from the 31st day of August a change of time of the departure of some of the trains takes place. The train which left this point for Ogdensburg and the West at 7:10 P. M. will hereafter leave at 6:30. The change brings the train which arrived at Ogdensburg at 5:30 A. M., to that point at 12:30 P. M., making close connection with trains for the west.

CAUCUS.—Our readers are reminded that a caucus of Democrats and Conservatives, is called to meet at the Court House, at 7½ o'clock this evening, to nominate a candidate for Town Representative. We presume Mr. Hiram B. Soule will be the lucky man. If we were one of the "Untried" he would be our choice.

DEPARTED.—"Friend after friend departs; who hath not lost a friend?" says and asks some afflicted poet. We have experienced the same sad feeling which inspired him, twice during the present campaign. Yes, we have lost two subscribers. They could not stand the pressure. They had opinions which would not allow the candid expression of differences on the part of others. The latest departed was even exasperated at our temerity in disagreeing with him. We were not, or we should have stopped his paper of our own accord. But we did not—we suffered him to continue to take our paper, while we knew well enough that he did not believe just as we do concerning many things. Hence we are the most liberal, and are ahead. "The departed" thinks our paper the meanest one ever published, though we understand he takes Brick Pomeroy's paper. This is hard on Brick! It shows that he has not succeeded. Well—such is life. Subscribers and leaves have their time to fall. Two subscribers have lost our paper. Henceforth they will have to suffer the presence of the "grim Messenger." We mark them on our swelling muster-roll of names as "missing in action," and go on with our usual appetite, to do the duties of our office as we think best and wisest, open to appeals of reason, and satisfied that there is no loss without some little compensation.

FAIRFIELD.—Rev. Bishop Bissell will officiate at Trinity Church, Fairfield, to-morrow, (Sunday), and consecrate said church on Monday, Au-

gust 31st, at 10 A. M. It will be remembered that in this church the late Bishop Hopkins preached his last sermon and held his last confirmation service in the Diocese.

## TO THE POLLS!!

ELECTION TUESDAY SEPT. 1.

Look well to your ballots.  
Soldiers, remember Belle Island and Andersonville!

Remember the Slaveholders' war of the Rebellion.

Citizens, remember your desolate firesides and the burden of taxes that has been saddled upon you by rebellion. The Country is saved.—preserve it.

Look out for split tickets.  
Vote the straight ticket.  
Vote the State ticket.  
Vote the Congressional ticket.  
Vote the County ticket.

Don't scratch.

Vote for town Representative.

Vote the Republican ticket.

Look out for split tickets! the elections will be flooded with them.

Pay no attention to the jugglers' handbills and posters. Don't be fooled.

Pay attention to the great issues of the day.

Don't straggle.

Look out for split tickets!

Vote right, and a grateful people will send back, from every State in the Union, thanks to Vermont.

NEW BUTTER TUB.—In the advertising columns of one of our Boston exchanges we see it announced, that A. R. Failey, of Elmore, Vt., has invented a new butter tub. We do not know anything about his butter tub, but we do know that he is one of the best butter-makers in Vermont, and has one of the best arranged butter establishments, a model worthy of imitation. We should be almost willing to endorse any butter apparatus that he approves, without seeing it himself, but this has the endorsement of eight of the leading Butter and Cheese firms in Boston. He seems to have forgotten that the place to advertise and sell butter tubs, is in that section of the country where butter is made rather than where it is consumed.

Rev. Dr. Barstow and wife, of Keene, N. H., celebrated their golden wedding on the 10th inst. They received many valuable presents from their friends. During their half-century of married life, this couple have never removed from the house where they first began housekeeping, and which was the scene of the touching and thankful festivities of their golden wedding.

OUR MINERAL WATERS.—A correspondent of the Boston Traveller, who signs with an "M," has recently been on a visit to Highgate Falls, and he evidently has appreciated some of the sights spread before his eyes in our beautiful region. He says:

It rejoices the soul of every lover of the country and agriculture to see the great farms stretching off in fields of from 10 to 100 acres, stocked with the best breeds of sheep, horses, and with from a dozen to seventy and eighty cows. Huge pyramids of pans regale the eyes on sunny porches, waiting a fresh supply of that luscious element, which has made St. Albans the butter capital of the country. To the new comers, accustomed to think mainly of granite hills in this latitude, there is a constant feeling of astonishment as he passes through the wonderfully rich and beautiful limestone region of St. Albans.

Of the properties of Champlain Spring he writes freely, and of the effects of the water, and concerning the village and country he says:

I write with the more confidence, as I personally know some of the subjects of cure. R. G. Lockwood, Esq., of Charles-town, Mass.,—an old merchant of Boston,—was attacked with inflammatory Rheumatism three years ago, was in bed helpless for a year-and-a-half; who when he came here two months since, could with the utmost pain and difficulty shuffle along fifty or a hundred yards in three or four weeks' time walked to the spring and back, a distance of three-fourths of a mile from his boarding house, and now performs his three or four miles a day with comfort. He entertained us the other day with some well executed waltzing steps, in proof of his growing improvement, and would gladly bear his testimony to the value of the waters. Almost all persons suffering from dyspepsia and kidney troubles are benefited, as well as those affected with cutaneous diseases. The water is in abundance for all drinking and bathing purposes, and simply as a beverage, is unsurpassed, if equalled by any water I have ever seen. The village is beautifully situated at the falls in the river from which it derives its name. The accommodations are excellent; there are 2 hotels—one the old hotel of the place, well kept by Mr. Johnson, the other a large new house, by Mr. Clark, not yet entirely completed, but still accommodating forty or fifty board-

ers, and which by another season will furnish every accommodation found in a first class hotel; whilst at several private families most excellent accommodations can be had. It is well to add (as I write for the benefit of the sick who want health,) that the air of this place I believe to be unsurpassed for dryness and purity on the continent. Dr. Baxter, for twenty years a highly respected physician of the place, (who though having no personal interest in the spring, takes pleasure in giving information concerning it, to any who apply) has not known a case of Consumption in the town during that period; there has been but one death from it in that time, and that originated from a complication of other diseases. Such a record is certainly hard to find anywhere. The village itself and surrounding scenery is delightful, and what is satisfactory to most people, charges are sufficiently moderate to suit persons of moderate means. The inhabitants have not as yet become extortionists; what prosperity may do in this matter remains to be seen. I write of this spring alone, because my knowledge is mainly confined to it, and because I feel that to make it known may confer a lasting benefit on many a sufferer. It requires but little of the prophet's ken to foresee for this region of mineral springs a bright and prosperous future, when the afflicted from all parts of the land will gather here to drink health from its living waters.

We conclude this with the sentence with which the correspondent's letter commences:—"The Vt. Central Railroad affords the tourist one of the finest rides in New England."

## Caucus.

The Democrats and Conservatives in the town of St. Albans are requested to meet in town caucus at the Court House in St. Albans, at 7½ o'clock, P. M., to-morrow (Saturday), to nominate a candidate for Town Representative, and to transact such other business as may be necessary.

Per Order of Town Committee.  
St. Albans, Aug. 28, 1868.

"The blushing beauties of a modest maid" are doubly enhanced by the "luxuriant wealth" of hair which surely follows the use of "Barrett's Vegetable Hair Restorative" as that light follows darkness.—St. Louis Times.

CANCER, SCROFULA, DYSPEPSIA, LIVER COMPLAINT, Rheumatism, Neuralgia, &c., cured. A Book of 100 pages, sent free to invalids. Address R. GREENE, M. D., 19 Temple Place, Boston, Mass.

The palm of superiority is awarded to Mrs. S. A. Allen for her Improved (new style) Hair Restorer or Dressing, (in one bottle,) and a grateful public appreciates the very low price, One Dollar. Every Druggist sells it.

Taking Medicine to cure diseases occasioned by a deficiency of Iron in the Blood, is like trying to repair a building when the foundation is gone. The Peruvian Syrup (a protoxide of Iron) supplies this deficiency and builds up an iron constitution.

The excellent American Organ, manufactured by S. D. & H. W. Smith Boston, used at the late convention, deserves an especial notice, a large double banked instrument of 14 stops, whose heavy sub-bass notes were distinctly heard above the whole chorus of 350 voices, while in accompanying the recitatives in the oratorios, the effect of the soft stops and tremolo were very striking. We notice that the use of these beautiful instruments is beginning to be appreciated by societies in the larger cities.—Burlington Free Press.

## Special Notices.

## Missisquoi Springs.

OGDENSBURG, June 22d, 1868.

Dear Sir:—I take the liberty to write you, asking how they are getting along at the Missisquoi Springs. Whether they are fitting up any hotels, and what the price of board is per week. Write me full particulars, all about the Springs. My health is first rate. I am as sound as I ever was. The cancer on my face is all off, and as smooth as it ever was. There are other parties that want to go to the Springs this Summer. By writing you will much oblige me. Tell Mr. Wright I am much obliged to him for his courtesy in writing to me.

I am, Sir, your obedient servant,  
JOHN E. TALLEMAN.

The certificate you notice says that I commenced the use of the Missisquoi Spring water on the 7th of May, and continued till the analysis of the Vt. Spring; or I might have said more precisely till the last of October, at which time I used up the last of the water I had from you, which was a part of that billed to me by you as I referred to October 7th at the commencement of this letter. I will say that I don't think I would have lived but a few weeks had it not been for the timely use of the Missisquoi Spring Water, and so to your agent, and many others there last summer.

Very Respectfully, Yours,  
J. B. CLARK.

PAPER and Linen Cuffs, a large assortment, at WM. N. SMITH & CO'S.

ADDRESS TO THE NERVOUS AND DEBILITATED, whose sufferings have been protracted from hidden causes, and whose cases are almost proverbial to render existence desirable. If you are suffering or have suffered, from involuntary discharges, what effect does it produce upon your general health? Do you feel weak, debilitated, easily tired? Does a little exertion produce palpitation of the heart? Does your liver, or urinary organs, or your kidneys, frequently get out of order? Is your urine sometimes thick, milky, or frothy, or is itropy on settling? Or does a thick cream rise on the top? Or is a sediment at the bottom after it has stood awhile? Do you have spells of short breathing or dyspnoea? Are your bowels constipated? Do you have spells of fainting, or rushes of blood to the head? Is your memory impaired? Is your mind constantly dwelling upon this subject? Do you feel dull, listless, morose, tired of company, of life? Do you wish to be left alone, to get away from everybody? Does any little thing make you start or jump? Is your sleep broken, or restless? Is the lustre of your eye as brilliant? Is the bloom on your cheek as bright? Do you enjoy yourself in society as well? Do you pursue your business with the same energy? Do you feel as much confidence in yourself? Are your spirits dull and dragging, laden with melancholy? If so, do not lay it to your liver or dyspepsia. Have you restless nights? Your back weak, your knees weak, and have but little appetite, and you attribute this to dyspepsia or liver-complaint?

Now, reader, self abuse, venereal diseases badly cured, and sexual excesses, are all capable of producing a weakness of the generative organs. The organs of generation, when in perfect health, make the man. But you ever think that those bold, defiant, energetic, persevering, successful business men are always those whose generative organs are in perfect health? You never hear such men complain of being melancholy, of nervousness, of palpitation of the heart. They are never afraid they cannot succeed in business; they don't become sad and discouraged; they are always polite and pleasant in the company of ladies, and look at them right in the face—none of your downcast looks or any other meanness about them. I do not mean those inflated by running to excess. These will not only ruin their constitutions, but also those they do business with or for.

How many men, from badly cured diseases, from the effects of self-abuse and excesses, have brought about that state of weakness in those organs that has reduced the general system so much as to induce almost every other disease—dyspepsia, paralysis, neuralgia, &c., and almost every other form of disease which humanity is heir to, and the real cause of the trouble scarcely ever suspected, and have deteriorated for all but the right one.

Diseases of these organs require the use of a Burette. HELMHOLD'S FLUID EXTRACT BURETTE is the great Diuretic, and is a certain cure for diseases of the Bladder, Kidneys, Gravel, Dropsy, Organic Weakness, Female Complaints, General Debility, and all diseases of the Urinary Organs, whether existing in Male or Female, from whatever cause originating, and no matter of how long standing.

If no treatment is submitted to, Consumption or Insanity may ensue. Our flesh and blood are supported from these sources, and the health and happiness, and that of Posterity, depends upon prompt use of a reliable remedy.

Helmhold's Extract Burette, established upwards of 15 years, prepared by H. T. HELMHOLD, Druggist, 391 New York, and 104 South 10th Street, Philadelphia, Pa. Price—\$1.25 per bottle, or 6 bottles for \$5.50, delivered to any address. Sold by all Druggists everywhere.

None are Genuine unless done up in steel-enveloped wrapper, with fac-simile of my Chemical Warehouse, and signed  
H. T. HELMHOLD.

## Coming Again!!

Seventh Visit!

IMMENSE SUCCESS!!!

A. D. CRABTREE, M. D.

## THE SANATORIAN,

WILL Make his Seventh visit to St. Albans, WEDNESDAY, THURSDAY and FRIDAY, Sept. 9, 10 and 11. Richmond, Tuesday and Wednesday, Sept. 1 & 2. West Berkshire, Thursday, Sept. 3. Enosburgh Falls, Friday and Saturday 4 & 5. Shelton, Monday and Tuesday, Sept. 7 & 8. Bakersfield, Saturday 12. Cambridgeboro, 14 & 15. Johnson, 15. Hydepark 17. The Doctor's last visit here was marked by a greater number of patients than formerly. All the papers agree that he is the most successful, and the only traveling doctor that can month after month and year after year, visit the same places. New cures are continually done by his treatment, which are useless to publish as he is so well known. The Mayor of Vergennes certifies that Dr. Crabtree cured him last Spring of a very bad cough, Bronchial Catarrh. A lady, (reference given to ladies,) of prolapsus &c., of 25 years! Mrs. M. Call Barnet, enlarged Liver and Dropsy; Miss S. J. Norman, Peasanth, Fits, 6 years; Isaac Richards, St. Vitus Dance, Liver and Throat diseases, one of tumors of neck 2 1/2 inches round, &c., &c., in this vicinity. Diseases told at sight. All Consultations \$1. Medicines and advice on Chronic Cases from 1 to 3 months costs from \$10 to \$20. Dr. C's great experience enables him to prescribe for most cases with positiveness months ahead. Patients can call at any hour. See Signs and card, direct to his rooms. Patients unable to call visited at home by special arrangement. This is the Doctor's last visit for many months, as he has long neglected patients elsewhere.
